“I am so glad someone is taking the initiative to reach oral learners”

“Sermons move the mind. Stories move the heart!”

Everyone loves a good story. For people who live on the fringes without electricity or running water, their mobile phone is their only technology. But basic phones can't go on the internet or watch videos. They can only make and receive calls and texts.

SHOUT is an evangelistic outreach delivering radio style dramas directly to people *on their own* mobile phones by simply calling them. SHOUT is designed to call millions of people and deliver the Gospel to them wherever they might be!

It works like this:

Ring! Ring!

NARRATOR: Welcome to today's episode of the Storms of Life. *The listener now hears a dramatic 3 minute episode comprising professional voices delivering a culturally relevant story in their own language. At the end of each episode they are given the opportunity to interact.*

NARRATOR: Uncontrolled anger is a terrible thing. To learn what the Bible teaches about anger, please press 5. *The listener now hears a few scriptures.*

NARRATOR: If you are afraid God is angry with you, please press 6. *The listener now hears about a God who loves them and wants to forgive them if they will only ask Him too.*

NARRATOR: If you would like to pray and ask God to forgive you so that He will not be angry with you, please press 7. *The listener now is led in a sinners prayer.*

NARRATOR: If you would like to meet others who have prayed this prayer, please press 8. *The listener's phone number is captured, printed out, and delivered to the local church for followup.*

New Churches are Planted: *Each outreach is comprised of 12 Episodes delivered over a 6 week period. At the end of 6 weeks there are enough people who have responded to plant new churches!*

Dr. Doug Beacham
Gen. Sup. IPHC

"OLI . . . doing what is necessary to make sure that this desperately needy part of the global population gets to hear the good news of Jesus Christ."

Mark Burnett & Roma Downey
"Son of God" Movie Producers

"OLI. . .spreading the Gospel to people around the world!"

YOUR
monthly support
will complete the puzzle.

SHOUT

SHOUT

Dear Pastor:

OLI Missionaries Robb & Rhonda Hawks are the creators and directors of SHOUT. This global outreach is ready to launch. But the Hawks are the missing piece of the puzzle. They are *still itinerating* and need to complete raising their monthly budget before SHOUT can launch.

Robb is a creative "outside-the-box" thinker who holds two patents and has written numerous books, plays, and television shows. *Over 100 million people around the world* have heard the Gospel through his children's television programs.

His live plays have been watched by over 300,000 people and his world missions videos and stage productions have helped raise \$4 million dollars for projects in 30 plus countries.

Robb & Rhonda now need your help. Would you please add them to your church's monthly missions giving today? Please complete the enclosed form and fax to AGWM today.

Please contact Robb today and tell him that you will become a partner of SHOUT!

Calling the unreached to follow Christ,

John Merrell
